Rationale
Student Welfare encompasses all that Luddenham Public School does to meet the personal, social and learning needs of its students. Luddenham Public School aims to create a safe and caring school environment in which students are nurtured as they learn. As an essential outcome we focus upon learning – learning at an individual, group and whole school level. Students at Luddenham Public School are guided towards independence and the need to take responsibility for their own learning and behaviour.

Three key areas are identified to promote and support learning at Luddenham Public School.

- Positive climate and good discipline
- Effective teaching and learning
- Meaningful community involvement

Policy
Luddenham Public School recognises the importance of the learning community – where students, staff and parents cooperate for positive, planned results. Regular attendance and sound work habits enhance the effectiveness of the school’s programs.

Luddenham Public School will continue to develop:

- a positive, supportive and caring school environment in which learning can take place;
- strategies and practices which encourage appropriate student behaviour and attitudes toward improving learning outcomes;
- a wide range of educational programs to provide meaningful learning experiences for all;
- policies and practices designed to improve effective teaching and learning,
- a climate which encourages community involvement in the development and delivery of the school’s programs.

Through its policies, practices and programs Luddenham Public School will:

- address gender and cultural issues through an integrated curriculum and provide learning experiences for students which affirm their individuality in a positive and satisfying way;
- provide support for students to develop skills valued in positive relationships, social responsibility and problem solving;
- encourage gender equity and discourage stereotypes;
- encourage students to gain leadership experiences;
- enhance learning as a lifelong pursuit;
- celebrate student achievement;
- encourage student involvement in the formulation of welfare initiatives (where appropriate).
Outcomes
As a consequence of Luddenham Public School’s Welfare and Good Discipline Policy:

- The safety and well being of the school community will be a priority.
- Students will be active participants in the learning process.
- There will be effective support for educational programs.
- Principles of equity and justice will prevail.
- Clear guidelines will be established to encourage acceptable behaviour.

Every student has the right to feel safe and happy – and work in a positive learning environment.

Any action which hinders the teaching and learning process or the safety and well being of school members is unacceptable. Students, who fail to meet their responsibilities, and interfere with the rights of others, will be disciplined.

Attendance

1. It is expected that all students will attend school, engage themselves in their learning and not hinder the learning or safety of others.
2. Students are expected to adhere to the school timetable, and be punctual to class.
3. Students may be absent for medical reasons, or for urgent family business. Absences should be explained by a note from a parent (or legal guardian) to the classroom teacher on the first day back. Late arrival and early departure notes, are to be completed at the office and presented to the classroom teacher upon arrival or departure.
4. Teacher is responsible to make contact after two days unnotified absence.

Recognising and Reinforcing Student Achievement

Luddenham Public School promotes and celebrates student achievement in many ways.

- Merit Certificates – Class awards, library
  Merit Certificates are awarded for effort and achievement in class, sport or special school interest groups.

- PBL awards - the students are awarded Safe, Responsible and Respectful cards in the classroom and playground. These are then placed in the PBL Caught You Being…. box and there is a school draw each Monday morning. Lucky winners are awarded a small prize.

- PBL Success cards are awarded to students in the classroom and library for learning. Students will be awarded these awards for doing their best and staying focussed on learning. This system then builds to a student receiving Special Awards, Luddenham Awards and ultimately a Principals medallion. This system can continue over the years and it is each student’s responsibility to keep track of their awards. Once a student receives a Principal’s award, the system starts again.
  - 5 Success cards = 1 Special Award
  - 3 Special Awards = 1 Luddenham Award

Action on Misbehaviour

Any incidents involving misconduct by a student will be recorded on the STARS data base. When three recordings are made against a student over a short period of time (e.g. 2 wks), the action for dealing with persistent misbehaviour will be invoked.

In the classroom and playground we utilise a time out place designated by the classroom teacher for students to think about their behaviour. The timeout procedures are used across K-6 classrooms. Students are given warnings to stop behaviour and if behaviour persists the student is placed in time out for 3-5 minutes depending on the age of the student. Students complete a time out slip stating the reason why they are in timeout and the behaviour that they will do next time. If a student is placed in timeout twice during a session, they will be sent to a Buddy class for timeout.

If a student is placed in timeout during recess and lunch, the student will be asked to sit on the soft fall area or the silver seat for a teacher specified time and will miss out on play.

If a student persistently misbehaves, they can spend time out in the Principal’s office for half of their recess or/and half of their lunch.

Any one incident of serious misconduct may lead immediately to a student being placed upon a Self-Management Behaviour Program or the Department of School Education, “Suspension, Exclusion and Expulsion Policy” being invoked.

Action on Persistent Misbehaviour

1. Teacher – Teacher will contact parent by phone or face to face to discuss the student’s behaviour. During this conversation concerns will be discussed and strategies will be established to alleviate the student’s misbehaviour.

2. If behaviour persists the student will be placed on a Self-Management Behaviour Program. Parents/Caregivers will again be contacted by letter requesting an interview to discuss the Self-Management Behaviour Program with the Class Teacher and Principal before the student is placed on the program. A student who has been placed on a Self-Management Program will be issued with a card which will be presented to the Class Teacher at the end of each session. The Class Teacher will record a comment about the student’s behaviour during the session. After a reasonable amount of days with positive comments (as determined by the Principal) the student will be removed from the Self-Management Behaviour Program. Parent/Caregivers will be given regular feedback on their child’s progress.

3. If no improvement is shown, or if behaviour deteriorates further, Department of School Education, “Suspension, Exclusion and Expulsion Policy” may be invoked.

Self Management Cards may be issued for the following reasons:

a) Persistent disrespect, rudeness, insolence
b) Persistent noisy or disruptive behaviour
c) Vandalism, damaging fixtures or property
d) Swearing or spitting
e) Bullying, thuggery, harassment
f) Racist behaviour or comments
g) Verbal or physical assault of a teacher
h) Refusal to attempt a required task
i) Stirring, proactive behaviour
j) Fighting

Suspension, Exclusion and Expulsion from School

At the higher end of the graded scale of responses to penalty for unacceptable behaviour are the procedures specified in the document “Suspension, exclusion and expulsion of students from school and procedures for declaration of place vacant”.

Suspension highlights for the student and the parents, the unacceptability of the student’s behaviour, and the parents responsibility for remediation of that behaviour.

The school, and the public school system, will work in partnership with parents in assisting the student to rejoin the school community. This will include the provision of counselling and access to special behaviour programs. As long as the behaviour is unacceptable, the student’s continued enrolment will be in jeopardy.

Principals of public schools will suspend, consistent with the procedures, any student who commits the following offences:

**Possession of a Suspected Illegal Substance**

The Government firmly believes that schools must be places which are absolutely free of illegal drugs.

Suspension is to occur immediately if the substance is being touted, held out or passed off by the student as an illegal substance, or on confirmation (in accordance with the relevant procedure on identification of illegal substances) that the substance is in fact illegal.

Under arrangements made with the NSW Police Service, the substance will be identified within 48 hours of the material being handed to the police by the school Principal. The cost of the identification is to be charged to the Department of School Education; the Police service will hold the substance pending any legal action.

**Violence**

Any student intentionally causing injury or threatening serious violence against another student or teacher is to be suspended immediately.

**Possession of a Weapon**

Any student in possession of prohibited weapon, or using, or threatening to use, any item or instrument as a weapon, is to be suspended immediately.

**Continued Disobedience**

The relationship between student and teacher should be based on mutual respect. Students, who, in their relationships with staff, are continually disobedient, insolent, or engage in verbal harassment and abuse, are to be suspended.

**Criminal Behaviour**

If behaviour is criminal or there is evidence of a suspected crime, the Police Service will be notified by the School. Students, like the rest of the community, are subject to the criminal law.
