Dear Parents and Caregivers,

Each fortnight we publish a school newsletter which is designed to keep families informed and to celebrate the achievements of our students. Although the newsletter is available in hard copy, we would encourage our families to opt for an electronic copy. This option is environmentally friendly, time and money saving. It also means that you are guaranteed to receive a copy of the newsletter rather than relying on your child to bring it home.

The newsletter often contains important information about changes in dates, excursions, community functions, what’s happening in the school etc. It is important that you read the newsletter each fortnight.

Electronic copies of the newsletter are available via email, on Facebook and on the school website. We are very pleased to offer these services to our parents and encourage you to take up one of these options.

Please tick one of the boxes below to indicate the best option for you to receive the newsletter.

Yours sincerely,

Carolyn Chapple
School Administrative Manager

Eldest Child’s Name: ___________________________ Class: ____________

☐ I would like to receive an email with the newsletter attached. My email address is ________________________________

☐ I am happy to access the newsletter via Facebook

☐ I am happy to read the newsletter on the Luddenham Public School website

☐ I would like a hard copy of the newsletter
